

CAPABILITY STATEMENT | 2026

COMPANY OVERVIEW

For over 20 years, AAA Traffic Control has been committed to providing comprehensive and practical solutions for our clients. We do this to ensure every project is completed efficiently and without disruptions. Our traffic solutions are also flexible as we tailor them to meet the specific requirements of each of our valued clients.

Under the guidance of Managing Director Amir Imam, AAA is undergoing a complete modernisation overhaul to identify and develop our state-of-the-art traffic management solutions.

At AAA, we pride ourselves on being the leading traffic management provider in NSW and QLD for all traffic control requirements. We handle everything from designing Traffic Guidance Schemes (TGS) and organising permits, to setting up your site and carrying out Traffic Control.

Our experience in the industry allows us to develop plans that are relevant, practical and cost-effective!

OUR PURPOSE

At AAA Traffic Control, we know great people means great service, and our service is only as good as our team.

For two decades, AAA Traffic Control has established its reputation with each project, knowing the best pathway to success was to offer seamless and structured traffic management solutions.

Success, to us, is taking pride in the way we conduct our business. AAA Traffic Control has always conveyed the standards of professional behaviours and ethics as we are honest with our team, clients and the general public.

Big or small, you can be assured your work site will be as safe as possible with minimal impact on traffic flow. To do this, we have a system of constantly reviewing safety practices and using the most up-to-date technology available to both the construction and civil industries!

AAA Traffic Control has a mission to deliver high-quality service with pride which upholds our values and the legacy of our company.

OUR SERVICES

Let AAA Traffic Control be your partner in traffic management safety solutions. Our expert staff have over 160 years of combined experience specialising in traffic management planning and traffic control.

Our team can tailor practical solutions that comply with the TCAWS Manual and Australian Standards.

You can rest assured your project will be completed smoothly without any objections from the relevant stakeholders.

TRAFFIC CONTROL PLANS & MANAGEMENT PLANS

Our accredited project managers will design a certified plan that details the location of all signage, devices, markings, barriers and speed limit variables to your specific scope of work.

PERMIT APPLICATION

Paired with our professionally designed Traffic Guidance Scheme, AAA will secure the permits and licences necessary to make your project move smoothly so you can focus on what you do best!

TFNSW ACCREDITED TRAFFIC CONTROLLERS

AAA supply accredited traffic controllers all over NSW & QLD. Our road crews come with compliant equipment and signage required for your project. You will be able to work at ease knowing your site is safe and isolated from the general public.

TRAFFIC MANAGEMENT EQUIPMENT HIRE

AAA Traffic Control offers a range of traffic control equipment for short and long-term hire, including but not limited to water-filled & concrete barriers, barricades, signage, and directional arrow boards.

OUR EQUIPMENT FLEET

Our fleet of vehicles is fully fitted with the most up-to-date traffic control technology and equipment. We maintain our fleet by reinvesting in new vehicles and ensuring regular servicing and maintenance.

Our fleet comes with Standard vehicles, PTCD vehicles, Pod Trucks and TMA's (Truck Mounted Attenuator).

EMERGENCY RESPONSE TRAFFIC MANAGEMENT

We know road safety is constant and we have crews on standby 24 hours a day, 7 days a week.

Remember, public safety and your peace of mind are just a phone call away.

OUR SERVICES *(CONT.)*

To us, AAA stands for

ACCREDITED
AFFORDABLE
ASSURANCE

Trust us to be there bookending your construction space braving the traffic... safely, affordably and efficiently.

INDUSTRIES WE SERVE

AAA Traffic Control has expanded to being the leading traffic control company in NSW & QLD. We are the preferred contractor for many tier 1 companies, government agencies and local councils.

- Civil construction
- Local and federal government
- Rail and road
- Utilities
- Special events
- Emergency services

Our success is partially due to our emphasis on a high level of customer service and customer satisfaction.

When you see the AAA Traffic Control logo, you can be assured of the highest standard in traffic management!

ACCREDITATION + EXPERTISE

Regarding traffic safety, AAA Traffic Control Pty Ltd is an industry leader with the expertise and credentials to prove it.

AAA Traffic control is recognised as ISO certified, upholding international standards in Integrated Systems Certification, TfNSW G10 Accredited, and we are members of Traffic Management Associates Australia (TMAA) and Civil Contractors Federation (CCF).

- TfNSW G10 Registered for Traffic Management
- Transport for Main Roads (TMR) & Traffic Management Registration Scheme (TMRS) Registered QLD
- ISO 9001: Quality Management
- AS 45001: Health and Safety
- ISO 14001: Environmental Management

By implementing professional traffic control measures, AAA Traffic Control can manage any project safely and efficiently!

OUR CLIENTS

AAA Traffic Control provide world class traffic management solutions to our valued clients.

Our Traffic Management team have been tried and tested repeatedly. So, when the time comes, let AAA Traffic Control manage your next project.
